JENSEN – German engineering at its best

**3 YEAR
WARRANTY**

MACHINES & PARTS NOW STOCKED IN THE UK

When you're serious about trees or woodland management you need a chipper that's tough and superbly engineered. You need a chipper that can be transported easily but can go anywhere, even on rough terrain. You need a machine that will rise to any wood chipping challenge. You need a Jensen – German engineering at its best.

And now, Jensen chippers, parts and all the back-up service you will ever need, are right here in the UK.

Available as tracked, trailed or tractor-mounted models, all covered by a three-year warranty, Jensen chippers will make light of the most demanding arboricultural tasks.

More than 130 years of superior experience and development.

Sales • Service • Parts

Efficient, reliable and long lasting - JENSEN stand for quality right across the line.

Service Excellence Award

We are one of the few Kubota dealers in the UK to have been awarded **GOLD Standard** for Service Excellence.

Achieving this requires an indepth analysis by Kubota (UK) of all aspects of our business, to ensure our customer & product support is of the highest standard.

Kubota groundcare machinery is engineered to exacting standards and considered the one and only choice by many experienced professionals.

BCS Tracmaster lead the way when it comes to two-wheeled tractors. These amazing machines will perform many of the tasks of a compact tractor including ploughing, rotavating and even baling.

TWO WHEEL TRACTOR AND FLAIL - BCS 740

Like all BCS machines, the BCS 740 is very simple to operate and features the BCS PowerSafe® clutch that stops both the drive and implement when you let go of the operator presence lever.

BANK COMMANDER WITH MULCHING DECK BCS 630WS

A complete grassland management machine designed for those who need a go-anywhere unit capable of undertaking a number of grass cutting and clearing tasks.

CHT HEDGE CUTTERS

Wessex CHT hedge cutters are perfect for trimming small trees, hedges and pruning edges. They are ideal for compact tractors of 15hp and above. The CHT-120 features a strong reversible frame and a 120 cm cutting bar.

T-320A
Hedge Cutter

CE-1.25 HYDRAULIC TIPPING TRAILER 1.25TON

For use with green waste and other large or bulky materials, mesh side extensions are available as an optional extra.

STC-120 FLAIL COLLECTOR

Long or short grass is no problem for the Wessex ProLine STC-120 flail collector - fitted with a large diameter steel drum rotor, featuring four rows of closely spaced flails, and two rows of draft paddles to create the suction for collecting the grass.

RMX-360 3.6M FOLDING WING ROLLER MOWER

At just 2.4m folded width, the ProLine RMX-360 can be safely transported on roads, making it an excellent tool for councils and contractors.

MID-MOUNT MOWER

Kubota ST-Series mid PTO drive mid-mounted mowers improve mowing efficiency and ensure maximum durability with low maintenance thanks to Kubota's exclusive shaft drive feature.

Easily dump the grass into a truck or trailer with the low / high-dump grass collector.

Micro Range - C1 & C2 Loaders for

small compact tractors 15hp to 30hp

Totally unique, the C1 and C2 are the first loaders designed with a continuous monocoque structure. With their innovative curved jib these loaders have a truly modern appearance

The integrated hydraulic hoses and absence of a central crossbeam offer unrivalled visibility, promoting safer and easier materials handling.

Compact Range - C4 & C4Plus Loader

Specifically designed for mid-size amenity tractors 40hp to 70hp.

The C4 and C4Plus offer a high specification and modern look for your amenity tractor. The range topping C4Plus model offers features such as mechanical self leveling, internal hose routing, joystick control and instant hydraulic coupling connection (*MACH System optional*). User friendly features normally only found on larger loader models.

Compact Range - C3u, C3 & C3Plus Loaders

for medium compact tractors 20hp to 50hp

With its curved modern lines and integrated hoses this loader perfectly complements any compact tractor, offering optimum performance, working visibility and user comfort.

The C3 loader comes in three different specifications to satisfy all user needs:-

- **C3u** - the economic model
(*pin mounted implements and no self-leveling*)
- **C3** - the intermediate model
(*quick attach implements and no self-leveling*)
- **C3Plus** - the professional model
(*quick attach implements and mechanical self-leveling*)

There is a wide range of purpose built implements available for this loader, which can be inter-changed in seconds using automatic hitching.

Also available: MX Front Linkages for compact tractors

The Husqvarna 236 domestic chainsaw is ideal for garden tasks like pruning, lighter cutting and hobby work. Easy to start and operate, the Husqvarna 236 chainsaw is exceptionally easy to use. It comes with a number of helpful features to boost performance like Air Purge and a powerful X-Torq 38cc petrol chainsaw engine with low emissions. 2 YEAR WARRANTY (conditions apply)

STIHL®

The STIHL MS 170 is a small chainsaw that packs a punch. It is perfect for cutting firewood and general garden chainsaw tasks. Well suited to domestic users, the MS 170 chainsaw has been fitted with the STIHL anti-vibration system for comfortable use. The economical, compact and lightweight MS 170 is a small chainsaw, making it the perfect entry level chainsaw. It also has a low emission, economical STIHL Ematic chain lubrication system allows optimum lubrication of the chain.

AMAZONE

The Amazone brand is synonymous with quality and technical excellence. These groundcare machines offer a versatile and flexible package.

Grasshopper Mounted Groundkeeper

With the Amazone Groundkeeper you will be able to deal with large areas that are in grass all year round.

Profihopper

Thanks to the PowerCompactor, not only do you increase the operational performance but at the same time set-up and non-working times are reduced. The Exact cutting rotor and the out-front mounted high class mowing and scarifying unit, are the ideal solution for the low dust mowing and collecting of grass and scarifying material in a single pass.

Flail cutters are easily changed and produce an excellent finish even on formal lawns

AL-KO

QUALITY FOR LIFE

WHEN IT COMES TO MOWING LAWNS,
AL-KO MAKE THE CUT.

Whether you like cutting your lawn or not, AL-KO have the right product for you. With a complete range from hand, electric, cordless and petrol lawnmowers, all the way to the latest robotic technology, all products are engineered in Germany and designed with 'quality for life'.
