

HRH 536 HX

21" Professional Lawnmower

Roto-stop®

When you release the handle the engine continues but the blades stop – so you can leave the engine running to empty the grass bag or drive across gravel paths with complete safety and peace of mind.

Hydrostatic drive

Smooth hydrostatic drive allows you to cut at your own speed, yet maintains a constant blade speed for a perfect cut.

Adjustable handlebars

Allow the user to adjust the lawnmower to suit your height.

Shaft driven

Heavy-duty gear box and shaft drive for excellent reliability and easy maintenance.

Heavy duty handle bar

Heavy gauge handle bar tubing with additional support bracket and handle bar cable protector for extra durability.

163cc OHV 4-stroke engine

Easy starting GXV160 OHV 4-stroke engine for power and reliability.

High traction wheels

Sealed cartridge bearings provide smooth running and easy maintenance.

Alloy deck

High density alloy deck is light yet rigid and corrosion resistant - designed to withstand demanding long term use.

Bash guard

Provides additional deck protection for extended durability.

The HRH 536 HX is the tried and trusted professional's choice. Our HRH machines are engineered to meet the needs of the professional user, featuring a high density alloy deck, heavy-gauge handlebar tubing with additional support bracket and cable protection. The shaft drive and heavy-duty gear box makes maintenance both easier and less frequent. With Hydrostatic drive, the powerful and durable 163cc OHV engine drives the mower along at a consistent speed for a perfect finish.
