

HRH 536 QX

21" Professional Roller Lawnmower

Roto-stop®

When you release the handle the engine continues but the blades stop – so you can leave the engine running to empty the grass bag or drive across gravel paths with complete safety and peace of mind.

Adjustable handlebars

Allow the user to adjust the lawnmower to suit your height.

Shaft driven

Heavy-duty gear box and shaft drive for excellent reliability and easy maintenance.

163cc OHV 4-stroke engine

Easy starting GXV160 OHV 4-stroke engine for power and reliability.

Bash guard

Provides additional deck protection for extended durability.

High traction wheels

Sealed cartridge bearings provide smooth running and easy maintenance.

Hydrostatic drive

Smooth hydrostatic drive allows you to cut at your own speed, yet maintains a constant blade speed for a perfect cut.

Heavy duty handle bar

Heavy gauge handle bar tubing with addition support bracket and handle bar cable protector for extra durability.

Rear roller

Give the lawn that classic stripe. A rear roller offers greater machine balance and control when cutting around the edge of the lawn, too.

Alloy deck

High density alloy deck is light yet rigid and corrosion resistant - designed to withstand demanding long term use.

The HRH 536 QX is the tried and trusted professional's choice. Our HRH machines are engineered to meet the needs of the professional user, featuring a high density alloy deck, heavy-gauge handlebar tubing with additional support bracket and cable protection. The shaft drive and heavy-duty gear box makes maintenance both easier and less frequent. With the rear roller and a powerful and durable 163cc OHV engine, the mower drives along at a consistent speed for a perfect striped finish.
