

HRX 476 VY

19" Variable Speed Lawnmower

SMART Drive™

Precise ground speed control with a thumb/palm operated adjustable SMART Drive™ lever.

Roto-stop®

A unique Honda safety system that disengages the blades – so you can leave the engine running to empty the grass bag or use the self propelled drive across gravel paths in complete safety.

Versamow®

Choose between bagging or mulching the clippings to return their nutrients to the lawn, or a mix of both – all easily selected with a single lever.

Easy starting

160cc OHC 4-stroke engine gives high power and torque with renowned durability. A new Auto Choke System intelligently adjusts for perfect starting and running, whatever the conditions.

Quick folding handle

For easy storage and transporting.

One-hand height adjust

Handle with thumb release for quick, comfortable one-handed cut height adjustment.

Polystrong® deck

Super-durable and rust-proof polypropylene gives extra strength while reducing the overall weight.

8.5" wheels

New larger diameter wheels roll easily and improves handling.

Improved cut & collect

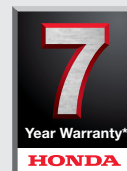

New micro-cut twin blades and smoothed airflow of the cutter housing improves collection, filling the large grass bag more effectively.

HRX

From effortless starting to easy cut height setting, fingertip speed control through to a perfect finish, the new HRX 476 VY brings new levels of comfort, safety and cutting performance to medium sized lawns. For greater versatility and eco friendliness, the new Versamow® System also makes it simple to collect the clippings, mulch, or a mix of both with a single lever.
